Changing Seasons Bring Colds.

"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your Druggist, 50c.—Advertisement.

ONE OF BEST DISINFECTANTS

Whitewash is Recommended as First Step for Healthfulness—Thoroughness is Important.
Whitewash is one of the best disinfectants for damp, dark places. The best way to apply whitewash is, first, to have it perfectly free from lumps, and then use a spray pump. Thoroughness is important in all kinds of disinfecting work. It is of no use to disinfect the walls of a barn unless you also disinfect the floors and mangers. One good point about whitewash is that its color tells you when you have thoroughly covered a surface. Some of the coal-tar disinfectants not only destroy germs but also kill lice, fleas, parasites and, in addition, heal cuts and wounds. The best ways to disinfect yards, such as after a hog-cholera epidemic, are: First rake up all the trash and burn it. Then cover the yard three inches deep with straw and burn that. If you are not able to secure straw, sprinkling the ground with lime is a second choice. To disinfect posts and fences, whitewash or paint them. Disease germs shorten the average span of life by about two years. About 90 per cent of the common diseases are infectious, or "catching." Disinfection after disease is the first step for healthfulness, both for persons and live stock.—Farm and Fireside.

Part Sentiment Plays.
A dollar is often a weakling compared to the right word or merely a handshake. Just as long as the personal element enters into business transactions, just that long will sentiment play its part as a business producer. To be sure, quality must be in evidence—plenty of it—but back of this is the feeling that prompts you, and all the rest of us, to frequently say "I like to trade at Blank's they treat you right in that place." That's loyalty—and sentiment is the force back of it.—The Goodrich.
